BEFORE DEPARTURE

All electronic devices must be set to 'flight safe' mode with Wi-Fi (WLAN) and Bluetooth switched off.

Disconnect any devices from any in-seat power supply.

Switch off larger electronic devices, such as laptops, and stow them away safely either in a bag under the seat in front of you or in an overhead locker.

The use of handheld electronic devices, such as mobile phones, music players, e-readers and tablets, can be used, but these must all be in a 'flight safe' mode.

Make sure your device is safely secured, either by holding it in your hand, or placing it in a stowage area on your seat. Larger electronic devices, such as laptops, etc, must be stowed away safely either in a bag under the seat in front of you, in a stowage area on your seat, or in an overhead locker. Please ensure that any items you are carrying do not obstruct access to the aisle.

DURING THE FLIGHT

27 PERSONAL DATA

Passengers shall provide the Carrier with their personal data for booking and carrying out the charter, obtaining specific services associated with the charter, if any, (such as catering), facilitating immigration formalities and entering the territory of a State, as well as guaranteeing the security of flights.

Passengers' personal data will be processed by the Carrier, acting as data controller as defined by the EU General Data Protection Regulation (the "GDPR") and only where there is a legal basis to do so. In almost all cases, the legal basis will be:

- the performance of the charter Agreement,
- the compliance by the Carrier with a legal obligation
- the protection of the vital interests of the passengers or another person, and
- where specifically mentioned or requested, the passengers' consent to the Carrier using their personal data for a specific purpose.

The Carrier is obliged to disclose passengers' personal data to Governments, regulatory authorities and/or law enforcement agencies

(such as customs, immigration, tax, etc.) of any country in passengers' itinerary or to which the Aircraft the subject of the charter may fly over. The Carrier is required by laws in the European Union, USA and other countries to give border control agencies and customs authorities access to booking and travel information when passengers fly to and from countries (including stop-overs) and where passengers may overfly countries to their destination.

The passengers' personal data may also be disclosed to the Carrier's partners or suppliers but only to the extent required to fulfil the purposes of the Charter flight.

Due to the nature of the Carrier's business and depending on the departure point and/or destination of the flight(s) comprised in the charter, as requested by the passengers, some of the recipients of the personal data received and processed by the Carrier on behalf of the Charterer (and its subcontractors and suppliers as sub-processors) pursuant to the Agreement may be based outside of the European Economic Area. These countries may not offer an adequate level of protection as determined by the European Commission yet may have access to all or some of the personal data (such as surname, first name, passport number, copy of ID/passport, travel details etc.) received and processed by the Carrier (and its subcontractors and suppliers as sub-processors), solely for the purpose of the flight(s) comprised in the charter Agreement.

The Charterer represents and it is a condition of the charter Agreement that the Charterer has specifically informed passengers of the potential for such transfers and the associated risks for their privacy as has obtained their express consent to such transfers being made by the Carrier, to the extent reasonably required for the Carrier to perform the charter Agreement.

The Charterer hereby further expressly acknowledges and agrees that in the event that the Agreement shall include the provision of certain ancillary services, (such as but not limited to special meals or medical assistance), this may require the Carrier to process and disclose special categories of personal data covered by article 9 of the GDPR. Such personal data is used solely for the purpose of the provision of the specific ancillary services requested by the passengers. The Charterer hereby represents and it is a condition of the charter Agreement that

- (i) the passengers expressly consent to such processing of personal data to the extent necessary for the Carrier to perform the Agreement and/or to provide the ancillary services as requested by the Charterer and/or the passengers;
- (ii) such consent is valid and documented as required under the GDPR;
- (iii) the Charterer is able to and shall communicate a copy of such consent to the Carrier at any time at its request.

The Charterer hereby represents and warrants to the Carrier that the Charterer will timely inform the passengers that pursuant to the GDPR, the passengers have the right to request that the Carrier provide access to, rectification, erasure, restriction or objection of processing or portability of their personal data. These rights can be exercised by sending an email to dpo@gamaaviation.com.

The Charterer acknowledges and agrees that the processing of certain personal data relating to the Charterer and/or the passengers is mandatory for booking, establishing, performing and invoicing the charter Agreement, as well as to conduct flight operations and as required by local/regional local statutory/regulatory rules and competent administrations or authorities. The Charterer and/or the passengers may exercise the right to withhold such information, but are hereby informed that where the exercise of such right will or (in the opinion of the Carrier) may render it impossible for the Carrier to continue processing personal data as required for the performance of the Agreement or any part of it, this may result in cancellation of the charter Agreement or a portion of the itinerary and/or a lack of access to certain specific ancillary services requested (special meals, etc.). Pursuant to the applicable laws and regulations, a failure to provide certain personal data as required to be received by the Carrier for the performance of the Agreement (or the inaccuracy and/or incompleteness of certain personal data) may result in a decision to deny boarding or entry into a foreign territory, and in any such circumstances the Carrier accepts and shall have no liability to the Charterer or to any third party including passengers for or arising out of non- or late performance.

The passengers are informed of their right to lodge a complaint related to the processing of their personal data by the Carrier with the supervisory authority of their country of residence within the European Union.

The Carrier will keep passengers' personal data for as long as it is needed for the purposes they are being processed for, and for as long as there is a legal need (including, for certain data, the 10-year standard legal hold retention obligation applicable to the Carrier), or business or customer need for it to be retained.

The Charterer shall also ensure that any personal data provided to the Carrier by the Charterer or on behalf of the passengers has been collected lawfully, fairly and in a transparent manner so as to enable such personal data to be processed by the Carrier and the other parties referenced in this clause 27 for the purposes of the charter Agreement.

The Charterer shall indemnify the Carrier and its directors, officers, employees, agents and sub-contractors (collectively, the "Indemnified Parties") and hold each of them harmless from and against all and any costs, expenses (including legal and other professional expenses), damages, loss (including loss of business or loss of profits), liabilities, demands, claims, actions or proceedings whatsoever, which they or any of them may incur arising out of:
(a) the Carrier's compliance with any instruction given by the Charterer to the Carrier in relation to the processing of personal data (including the personal data of passengers); or
(b) any breach by the Charterer of the obligations on the part of the Charterer this clause 27.

Please also refer to Schedule 1 for full details of Data Processing

The Charterer will comply with and take all reasonable steps to cause all passengers and owners of freight carried to observe and comply with all traffic regulations of the Carrier and all customs police public health and other laws and regulations which are applicable in the countries in which flights are originated landings are made or over which flights are made. The Charterer warrants that all passengers will hold all necessary passports visas health and other certificates necessary to secure transit through any immediate points and entry into the country of destination of the flight and in the event that the appropriate immigration authorities refuse entry to any passenger in circumstances where the Carrier is required to transport such passengers to the point of origin of the flight or to any other point then the cost of so doing shall be repayable by the Charterer to the Carrier upon demand.

29 ASSIGNMENT AND VICARIOUS PERFORMANCE

The Charterer shall not be entitled to assign the benefit of this Agreement to any other person without the consent in writing of the Carrier but the Carrier may procure the vicarious performance of its obligations hereunder by some other person or company.
